

Ascender® Serif

The Ascender Serif typeface family was designed by Steve Matteson to be a more contemporary alternative to Times New Roman®. Ascender Serif has the same character metrics as Times New Roman, to ensure document compatibility and eliminate text reflow in legacy documents. Ascender Serif is available in various font formats and character sets including Latin 1 and WGL (with support for Central and Eastern European, Greek, Cyrillic, Turkish and Baltic).

The following illustrations compare text set in Ascender Serif with text set in Times New Roman. Ascender Serif's taller xheight, open forms and vertical stress promote better rendering at small sizes and resolutions while retaining the line breaks of the Times text.

For a complete character set showing of Ascender Serif, see page 2 of this data sheet.

Ascender Serif Regular

THE GETTYSBURG ADDRESS NOVEMBER 19, 1863
Fourscore and seven years ago our fathers brought forth on this continent a new nation, conceived in liberty and dedicated to the proposition that all men are created equal. ¶ Now we are engaged in a great civil war, testing whether that nation or any nation so conceived and so dedicated can long endure. We are met on a great battlefield of that war. We have come to dedicate a portion of it as a final resting place for those who died here that the nation might live. This we may, in all propriety do. But in a larger sense, we cannot dedicate, we cannot consecrate, we cannot hallow this ground. The brave men, living and dead who struggled here have hallowed it far above our poor power to add or detract.
