# PESCADERO™

---

**P**ESCADERO IS NAMED FOR THE VALLEY IN CALIFORNIA'S rugged central coast. Early Spanish settlers called the area Pescadero (fishing place) as they observed it was a favorite fishing spot for the local Indians. Pescadero is delicate and detailed for attractive documents but is robust enough for serious reports and titles.

There is something wonderfully attractive  
in this king tree, even when beheld from afar, that draws us to it  
**with indescribable enthusiasm;**  
**ITS SUPERIOR HEIGHT**  
and massive smoothly rounded outlines  
**Proclaiming its character in any company;**  
and when one of the oldest attains full stature on some commanding ridge  
**IT SEEMS THE VERY GOD OF THE WOODS.**

— JOHN MUIR, 'Our National Parks' —

Pescadero is based heavily on calligraphic and inscriptional letter forms. The OpenType feature set includes old-style figures, fractions, swash capitals, a special titling case and an extended set of ligatures.
